

Abdul Majad

FULL STACK WEB DEVELOPER | EXPERT IN CRM SYSTEMS AND SERVER ADMINISTRATION

Al Badaa, near City Walk, Jumeirah 1, Dubai, UAE | +971 52 570 0886 | mirzamajad8@gmail.com | [linkedin.com/in/abdul-majad](https://www.linkedin.com/in/abdul-majad) | Portfolio: www.abdul-majad.site | Nationality: Pakistani | Visa Status: 2 Years (Eligible to Work in UAE)

PROFESSIONAL SUMMARY

Full Stack Web Developer with over 5 years of expertise in building and optimizing high-performance, scalable e-commerce solutions, ERP systems, and web applications. Proven track record of developing custom solutions, modules, and complex integrations for clients across real estate, logistics, and retail sectors.

Leverage deep proficiency in the full technology stack, including **PHP, Laravel, Node.js, React.js, JavaScript, MySQL, and MongoDB**, to deliver end-to-end project success. Experienced in administering Linux/Windows servers on AWS, managing database migrations, and implementing robust **ERP, CRM, CMS and Property Management Systems (PMS)** that enhance operational efficiency, automate workflows, and ensure data integrity.

A collaborative team player adept at leading projects from conception to deployment, ensuring alignment with business goals and client requirements. Certified in modern technologies including React, Node.js, and AWS, with a passion for implementing innovative solutions that drive growth and user engagement.

Experience

Full Stack Web Developer | Jovera, Abu Dhabi

August 2023 – May 2025

- **Developed and maintained** the Jovera site, optimizing user experience and increasing site traffic through effective design and functionality.
- **Designed and implemented a Property Management System** facilitating better tracking and management of properties.
- **Led the merging of Old and New Databases** enhancing data accessibility and reliability for end- users
- **Administered server environments** (Linux and Windows-based) ensuring high availability and performance.
- **Implemented Customer Relationship Management (CRM)** solutions to streamline communication and improve client relationships.
- **Managed the Old CRM Database**, ensuring data integrity during the transition to the new system.
- **Oversaw network management**, optimizing configurations for improved efficiency and security

Full Stack Web Developer | Estaya Real Estate, Germany (Remote)

June 2022 – July 2023

- **Contributed to the development** of key projects such as Preqtec and Estaya Real Estate platforms, delivering high-quality web solutions.
- **Collaborated with cross-functional teams** to ensure seamless integration of features and enhancements.
- **Developed and maintained** applications for DSS and Plijar, focusing on user engagement and functionality.

PHP Developer | United Computer Solutions, Lahore

September 2019 – June 2022

- Led the end-to-end development of multiple enterprise-level projects, including:
 - **SOS Cargo**: Streamlined logistics and tracking processes.
 - **JN Store**: Enhanced E-commerce capabilities, improving user experience and sales conversion rates.

- **Lawaaris:** Developed a platform for service requests, increasing operational efficiency.
- **Point Of Sale:** Implemented a robust POS system for retail management.
- **Make My Booking:** Created a booking platform, optimizing user scheduling and reservations.
- **Hundi, Go Rides, Rays IT Solutions, Xpert Recruit, Genmark, Telus Network, Homediart, and Hybreath:** Delivered customized web solutions tailored to client needs.
- Worked closely with clients to gather requirements and provide technical support, ensuring satisfaction and project success.
- Utilized modern PHP frameworks and technologies to build responsive, dynamic, and secure web applications.
- ****Integrated and customized ERP modules** to streamline business operations, data management, and workflow automation.
- ****Implemented and supported Governance, Risk, and Compliance (GRC)** tools to enhance internal controls, audit readiness, and risk management frameworks.
- Migrated and deployed complex web projects, ensuring stability, security, and scalability.
- Developed custom business logic and features for clients in various sectors, including luxury goods and retail.
